

FRIENDS HOUSE CARING FUND

Helping Our Residents in Times of Need

At Friends House, we are committed to ensuring that all residents have the support they need to live their lives with dignity and comfort, even in the face of financial hardship. The Caring Fund provides vital financial assistance to our residents who have outlived their savings, lack private insurance, or are facing unexpected financial emergencies.

The Caring Fund has helped our residents in a variety of ways, including:

Rent subsidies: Covering living expenses for independent or assisted living.

Food security: Ensuring residents have access to healthy, nutritious meals.

Medical bills: Assisting with occasional medical expenses not covered by insurance.

Transportation: Provides essential travel for medical appointments or other necessary trips.

Personal emergencies: Offering support in times of crisis, ensuring our residents' well-being.

Your contribution to the Caring Fund can make a world of difference. Every donation helps provide peace of mind and security for those who need it most.

Resident Story:

How the Caring Fund Could Help

If a long-time resident at Friends House were to face an unexpected financial challenge after years of careful planning, they might find themselves struggling with rising medical expenses or depleted savings. Without family nearby to assist, they could worry about covering their rent, medical bills, and essential living expenses.

The Caring Fund might offer rent subsidies, ensuring the resident can stay in their home, assist with medical bills, and cover transportation costs for necessary appointments.

With this support, the resident could continue living comfortably in our community, with the peace of mind that they are secure and surrounded by friends.

We want residents to live full lives.

Friends House
community through caring
